Medical Society Met.

The passage of a law including the Wasserman test in the work of the State laboratory is urged in a resolution adopted by the Bamberg county Medical society at its meeting held here last week. An appropriation to carry on the work is asked.

After reciting the increasing danger to the people of South Carolina, and asserting that only action by the State can meet the problem, the resolution says:

"Therefore, be it resolved by the Bamberg County Medical society,

"1. That we petition the general assembly of the State of South Carolina to pass, at this session, such an act or acts as may be necessary to include the Wasserman test in the work of the State laboratory, and to make such appropriation as may be necessary to carry on this work, effectively, and we beg to assure the general assembly that with the present equipment of the laboratory the cost for this work will be infinitesimally small compared to the good to be derived therefrom.

"2. That we respectfully call the attention of the physicians and medical societies of the State to this matter, and request them to take prompt action in presenting to the general assembly now in session petitions urging action in this vital matter."

Officers Installed.

At a well attended meeting of Bamberg lodge, No. 38, Knights of Pythias, in their castle hall on Monday night, Acting Deputy Grand Chancellor H. C. Folk conducted in a very impressive manner the installation ceremonies when the newly elected officers of the lodge were installed for the ensuing year. Marked enthusiasm is being displayed in Pythian circles of late, as was evidenced at this meeting, and with a corps of earnest officers to lead in the work, it is believed that the year of 1916 will round out with more progress along all lines having been made than in a like period for some time.

The following have been selected to serve the lodge for 1916: U. Glenn Hutto, C. C.; LaVerne Thomas, V. C.; P. B. Murphy, prelate; W. A. Dickinson, M. of W.; H. L. Kearse, M. at A.; W. C. Patrick, K. of R. & S. and M. of F.; H. L. Hinnant, M. of E.; M. G. Cooner, I. G.; J. H. Armstrong, O. G.

Immediately following his induction into office, Chancellor Commander Hutto announced the appointment of the following permanent committees: Finance, H. C. Folk, L. B. Fowler, H. W. Walker; relief and sick, U. G. Hutto, LaVerne Thomas, P. B. Murphy, W. C. Patrick, H. L. Hinnant, F. C. Ayer, M. G. Cooner, trustees, B. W. Miley, F. C. Ayer, D. J. Delk; hall, J. H. Armstrong, M. G. Cooner, F. C. Ayer; audit, W. C. Patrick, P. B. Murphy, LaVerne Thomas.

According to the semi-annual report just submitted for the last half of 1915, the lodge is in fine shape and is in position to do much good work this year.

A report was had from the committee in charge of general arrangements for the entertainment of the district convention here in February and the work was found to be progressing in a satisfactory manner. A busy and entertaining day is promised the visitors here at that time and there is a general disposition on the part of the business men of the town to cooperate with the committee in their work which adds much encouragement and further assures the success of the day.

As soon as practicable the programme will be published in full, but at this time there are numerous uncompleted details which it will be necessary to complete before any further announcement can be made.

Barnore Mays, where he will be given a preliminary hearing by United States Commissioner Dukes, on the charge of using the mails to defraud. He was arrested on a warrant taken out by Postoffice Inspector R. H. Tomlison.

Steedley, it is alleged, has been advertising in a number of papers that he had dogs, vegetables and other things for sale. He would receive checks and not send anything in return.—News and Courier.

To Advertise Bamberg.

Mr. C. A. Maull, advertising agent of the Atlantic Coast Line railway company, visited Bamberg last Thursday and addressed a mass meeting of citizens at the court house at 10 o'clock in the morning. Mr. Maull outlined a plan of the A. C. L. to advertise the communities through which it passes, for the purpose of securing immigrants to locate in the South. He proposed to raise a fund of several hundred dollars from nine South Carolina counties, one of which is Bamberg.

This fund, supplemented by a sum to be appropriated by his company, will be used to print a booklet detailing the advantages of these counties. This booklet will be widely distributed throughout the West, and other sections from which it is possible to attract most desirable agricultural immigrants. Fifty dollars was asked from Bamberg. The amount was readily made up among those present. Mr. Maull expects to return to Bamberg within the next few weeks at which time information and data will be collected from this county for use in the advertising booklet.

In this way Mr. Maull proposes to use his efforts towards building up the agricultural sections through which the A. C. L. passes. Every new and desirable citizen who locates in Bamberg county is worth several hundred dollars to the county and is worth quite a sum to the railroad as well, add if only a few good families could be induced to locate in the county and build up some of the soil that is now lying dormant, the efforts of the railroad and of the citizens who are cooperating with the railroad, will be well repaid.

Gamblers Rounded Up.

Sunday afternoon Policeman Jennings, with the assistance of some citizens, rounded up quite a neat little bunch of colored gamblers. There were nine in the crowd, and not one succeeded in making a get-away. They were carried before the mayor and received fines of \$12.50 each or spend thirty days with the chain gang. The following paid their fines: William Isaac, Peter Simmons, Marion Martin, Fred Campbell, Boisy Pinckney, John Kearse, Wash Collins. Two of the crowd, Philip Price and Glen Jackson, chose the gang.

News From Carlisle School.

Last week was one of much activity at Carlisle school. A basketball game was played, basketball teams organized by the boys, and two addresses were made by visitors.

The Carlisle girls won their first basketball game Friday afternoon, defeating the Bamberg high school girls 21 to 18. As the score indicates, the game was hotly contested, both teams showing up well. A big crowd of enthusiastic "rooters" for both sides witnessed the game. In winning this game the Carlisle girls have gained a two-fold distinction: First, so far as there is any record they have won the first interscholastic athletic contest in which the girls of this school have ever engaged; second, they won the first game to be played in the new C. F. Rizer gymnasium. They and their friends are proud of their victory.

Carlisle boys have organized class basketball teams and are working out a schedule of interclass games. The "Varsity" will be selected after these games have sufficiently revealed the strength of the men on the various teams. The following captains have been elected: Senior team, James Skinner; junior team, John Bunch; sophomore team, St. Pierre Lenoir; freshman team, Purdy McLeod.

Rev. W. R. McMillan, pastor of the local Baptist church, addressed the Young People's Christian association at its regular meeting Friday night. His discussion of "The Ideal Son" was appropriate and helpful.

The school had the pleasure of having as a visitor last week the Rev. A. J. Cauthen, presiding elder of the Orangeburg district and chairman of the Carlisle school board of control. Mr. Cauthen came over to discuss with the members of the local board some plans for enlarging and improving the plant for another year.

Annual revival services of the Young People's Christian association will begin on Monday evening, January 24, and continue through the week. Dr. R. S. Truesdale, pastor of the Methodist church at Sumter, will conduct the services. Dr. Truesdale has been here for these services on two other occasions and the association is peculiarly fortunate in securing him again.

Judson Mayfield Injured.

Judson Mayfield, 10-year-old son of Mr. and Mrs. S. G. Mayfield, of Denmark, had both bones of his right forearm broken at 10 o'clock Saturday night, while cranking the family automobile. Judson had driven the car to the union station to meet the local Seaboard passenger train from Savannah, for Mrs. Maybel Peoples, of Estill, on a visit to Mrs. Mayfield. Dr. Johnson, of Estill, changing cars for Charleston, was near by when the accident occurred, and accompanied the injured boy to his father's residence. Dr. Wyman, the family physician, was called in and the broken limb was attended to.

Week of Prayer Observed.

The members of the Missionary society of the Baptist church held prayer meetings three afternoons of last week, observing the week of prayer. These meetings were well attended and it is hoped that much good will be derived from them.

The meeting on Wednesday afternoon was conducted by Mrs. J. F. Carter, whose subject was "Ingathering Programme and Christmas Offering to China." She was assisted by Mrs. W. R. McMillan, Mrs. G. F. Hair and Mrs. J. E. Newsom. A collection for China was taken and a neat sum realized. The year books for 1916, prepared by the publicity committee, assigning each member some definite work for the year, were distributed at this meeting.

Miss Annie Hartzog conducted the meeting on Thursday afternoon and was assisted by Mrs. M. J. Black and Mrs. J. H. Murphy. Her subject was "Japan."

On Friday afternoon the society enjoyed having the Y. W. A's, who with their leader, Mrs. John Cooner, meet with them. At the conclusion of their delightful exercises a short business meeting of the society was held.

Several new members were added to the roll and a mission study class was organized with fifty members. The first book selected for study is "The King's Highway."

Laymen's Movement Meeting.

There will be a union service at the Baptist church Sunday evening at 7:30, in the interest of the Laymen's Missionary convention. The public is cordially invited to attend; every Christian man in Bamberg is urged to be present. Addresses will be made by Prof. J. C. Guilds, of Bamberg, and Dr. A. T. King, of Johnston. We guarantee a treat for all who attend.

U. D. C. Meeting.

The first chapter meeting of the new year was held on Tuesday afternoon with Mrs. J. J. Jones as hostess. This was a very interesting meeting, a large number of the members being present and reports from the delegates who attended the State convention in Aiken were given—no meeting having been held in December. The president, Mrs. M. E. Ayer, gave a full and very instructive account of the business portion of the convention, while Mrs. W. P. Jones told of the very pleasant way in which the delegates were entertained and of the many delightful social affairs given them.

After a reading by Mrs. Harry Murphy and an instrumental solo by Miss Urna Black, a social half-hour was enjoyed during which a delightful salad course, with coffee, was served.

Found Unconscious on Track.

An unknown white man, seemingly about 25 years old, was found on the Seaboard Air Line railway about two miles above Fairfax in an unconscious condition by the section foreman, who carried him to Fairfax and summoned Dr. W. R. Tuten, who took charge of the case and tried to restore him to consciousness but failed. Dr. Tuten started to Savannah with the patient about 3 o'clock but the man died shortly after the train left Fairfax. The man seemed to be a tramp and the only clue to his identity was these words stamped on the sweat band of his hat: "H. C. Williams, Middendorf, S. C." and the words "L. Williams, Olar, S. C." written on a book of cigarette papers found on his person.
